SECTION C – GENERAL BIDDING INFORMATION/INSTRUCTIONS TO BIDDERS

C.1. GENERAL INFORMATION

C.1.1 OBTAINING ITB DOCUMENTS

C.1.1.a OREGON PROCUREMENT INFORMATION NETWORK (“ORPIN”): ORPIN is a website established and maintained by the State’s Department of Administrative Services. It is used by the State and other governmental agencies to advertise notices of bidding opportunities and announce contract awards. ODOT utilizes ORPIN to advertise ITBs and post notices of changes to the ITB (via addenda). Bidders may obtain these ITB documents by registering on the ORPIN website and downloading them. Bidders should consult the ORPIN system regularly until Closing to avoid missing any notices. Bidders without access to ORPIN may obtain copies at the ODOT address listed on page 1 of the ITB.

C.1.1.b TO REGISTER ON ORPIN: Go to the following website: <http://orpin.oregon.gov/open.dll/welcome>

C.1.1.c QUESTION AND ANSWER DOCUMENTS: ODOT may post question and answer documents on ORPIN to respond to inquiries when ODOT determines, in its sole discretion, the answers do not effect changes to the ITB. Question and answer documents provide clarifications and interpretations but do not change ITB requirements.

C.1.1.d POSTING OF NOTICES: ORPIN is utilized by ODOT for advertising ITB’s and for posting notices of changes to the ITB (via Addendum). Bidders must obtain the actual ITB documents themselves by accessing the ORPIN Internet Web site and downloading them. Bidders without access to ORPIN may secure copies at the ODOT address listed on page 1 of the ITB.

C.1.1.e ITB’s, ADDENDA AND ATTACHMENTS: ITB’s, including all Addenda and most attachments, are posted on ORPIN as part of the ITB document and will not be mailed to prospective Bidders. Bidders without access to ORPIN may secure copies at the ODOT address listed on page 1 of the ITB. Bidders should consult the ORPIN System regularly until closing to avoid missing any Addenda.

C.1.2 SUPPLIERS LIST: Bidders must register on ORPIN and “express interest” in this ITB in order to be listed on the suppliers list. Bidders are responsible for making sure information is correct and complete. The State assumes no responsibility for the content of the interested parties’ information shown in ORPIN.

C.1.3 TRADE SECRETS: Any information Bidder submits in response to the ITB that Bidder considers a trade secret under ORS 192.345(2) or ORS 646.461(4), and that Bidder wishes to protect from public disclosure, must be clearly labeled with the following: “*This information constitutes a trade secret under ORS 192.345(2) or confidential proprietary*”

information and is not to be disclosed except in accordance with the Oregon Public Records Law, ORS Chapter 192.” Each item so labeled must include a justification and citation of the authority relied upon. Identifying the entire Bid submittal as trade secret, confidential, or otherwise exempt from disclosure is not acceptable. Bidders are cautioned that price information submitted in response to an ITB is generally not considered a trade secret under Oregon public records law. Further, information submitted by Bidder that is already in the public domain is not protected. ODOT is not liable for disclosure or release of information when authorized or required by law or court order. ODOT is also immune from liability for disclosure or release of information under the circumstances set out in ORS 646.473(3).

C.1.4 CONFLICT OF INTEREST (COI) GUIDELINES: Bidder must be in compliance with ODOT’s COI Guidelines. If there are any disclosures required for Bidder or its subcontractors, as detailed in the ODOT Conflict of Interest Guidelines, Bidder must submit the required signed COI Disclosure Form(s) with its Bid.

If there are no COI disclosures required for Bidder or its subcontractors, per the ODOT COI Guidelines, submittal of COI Disclosure form(s) is not required.

The ODOT Conflict of Interest Guidelines and COI Disclosure Form are available at the following Internet site: <http://www.oregon.gov/ODOT/Business/Procurement/Pages/PSK.aspx>

C.1.7 2018 OREGON STANDARD SPECIFICATIONS FOR CONSTRUCTION: The 2018 Oregon Standard Specifications for Construction (“Standard Specifications”) include detailed technical specifications in Sections 00200 and beyond that apply to this ITB and any resulting Contract. Some sections of the technical specifications may be identified and modified in the Plans and Specifications. Sections of the technical specifications not identified in the Plans and Specifications remain applicable to the Contract according to their original terms.

Sections in Part 00100 of the Standard Specifications (General Conditions) are not applicable to the Contract unless they are specifically identified in the Plans and Specifications as being applicable. However, if a Part 00100 section that has been identified as being applicable references another section in Part 00100, or a technical specification (Parts 00200 and beyond) references a section from Part 00100, that section from Part 00100 applies to the Contract for purposes of supporting and giving full effect to the specification that referenced it. Bidders can access the Standard Specifications online at:

http://www.oregon.gov/ODOT/Business/Pages/Standard_Specifications.aspx

C.1.8 BRAND NAME USAGE:

C.1.8.a BRAND NAME: Any brand name listed in the specifications with or without a designation of "or equal" or "or equivalent" shall establish the minimum requirements for quality, utility, durability, function, and purpose. Unless the product named is the subject of an exemption per ORS 279C.345, other brand names may be used in the construction of the project as long as they are equal to or better than the product brand named, and are approved by ODOT prior to installation.

C.1.8.b BRAND NAME "OR APPROVED EQUAL" OR "OR APPROVED EQUIVALENT": Any brand name listed in the specifications followed by "or approved equal" or "or approved equivalent" shall establish the minimum requirements for quality, utility, durability, function, and purpose. Unless the product named is the subject of an exemption per ORS 279C.345, other brand names may be used in the construction of the project as long as they are equal to or better than the product brand named, and are approved by ODOT during the bidding process in accordance with the Request for Brand Approval procedures specified in Section C.2.

ODOT shall determine, in its sole discretion, whether a product offered is "or equal".

C.2 REQUEST FOR CLARIFICATION; REQUEST FOR CHANGE; REQUEST FOR BRAND APPROVAL; SOLICITATION PROTEST

C.2.1 PROCEDURE: The appropriate means of seeking clarifications of or modifications to provisions of an ITB are through (a) requests for clarification; (b) requests for changes to contractual terms or Specifications or Plans; (c) requests for brand approval; and (d) protests of contractual terms or Specifications or Plans. Any Bid response that includes non-approved alternate product brands where approval is required, or that takes exception to the Specifications or Plans or contractual terms of the ITB may be deemed non-responsive and may be rejected.

C.2.2 METHOD OF SUBMITTING REQUESTS FOR MODIFICATION OF ITB PROVISIONS AND PROTESTS: Requests and protests must be marked as follows:

Request for Clarification/ Request for Change/ Request for Brand Approval/ Solicitation Protest
ITB Number
Closing Date
Closing Time

Requests and protests must be in writing and must be submitted (in hard copy or via email) to and received by the Single Point of Contact listed on page one of the ITB no later than **5 calendar days prior to the Closing**. Unless this specific deadline is extended by subsequent Addenda, no requests for clarification, requests for change, requests for brand approval, or protests pertaining to provisions contained in the originally-issued ITB will be considered after the date specified herein.

C.2.3 REQUEST FOR CLARIFICATION: Any Bidder that finds discrepancies in, or omissions from, any provision of the ITB, Plans, Specifications, or Contract Documents, or has doubt as to the meaning, shall make a request for clarification in writing, to the Single Point of Contact. (See the additional requirements in Sections C.2.1. and C.2.2.)

C.2.4 REQUEST FOR CHANGE: Any Bidder may submit a request for changes to contractual terms, Plans, or Specifications, in writing, to the Single Point of Contact. The request must include the specific changes requested, and the reason for the requested changes supported by factual documentation. (See the additional requirements in Sections C.2.1 and C.2.2.)

C.2.5 REQUEST FOR BRAND APPROVAL: Pursuant to **Section C.1.8.b**, Bidders shall provide the named product unless another is approved through a request for brand approval submitted in writing to the Single Point of Contact. Other brands of equal quality, merit and utility will be considered upon proper submittal of a request for brand approval with appropriate documentation, unless the named product has been exempted per ORS 279C.345. (See the additional requirements in Sections C.2.1 and C.2.2.)

- Requester must provide sufficient information for ODOT to determine product acceptability including, but not limited to, detailed product specifications.
- Requester's failure to provide sufficient information with the request shall be cause for the proposed product not to be considered equal.
- Any product subsequently approved for substitution will be listed on an Addendum issued by the ODOT Procurement Office and posted on the ORPIN System.

C.2.6 SOLICITATION PROTEST: Any Bidder may submit a protest of solicitation terms and conditions, contract terms and conditions or Specifications, in writing to the Single Point of Contact, in accordance with OAR 137-049-0260. The protest must include the legal and factual grounds for the protest, a description of the resulting prejudice to the Bidder if the protest is not upheld, and a statement of the desired changes. (See the additional requirements in Sections C.2.1 and C.2.2.)

C.2.7 RESPONSE TO REQUESTS FOR CLARIFICATION: Clarifications, whether verbal, in writing, or included in an Addendum as a "*clarification*," do not change Plans, Specifications, contractual terms, or procurement requirements of an ITB. If a request for clarification raises an issue that ODOT determines should be handled by formally amending the ITB, ODOT will do so only by announcing such a change in an Addendum, not through information identified as a "*clarification*."

C.2.8 RESPONSE TO REQUESTS FOR CHANGE, REQUESTS FOR BRAND APPROVAL, AND SOLICITATION PROTESTS: The ODOT Procurement Office will promptly respond to each properly-submitted written request for change, request for brand approval, and protest. When appropriate, the ODOT Procurement Office will issue ITB revisions via Addenda posted on the ORPIN System. ODOT may also informally respond to Bidder questions.

HOWEVER, INFORMAL RESPONSES DO NOT AFFECT THE PROVISIONS OF THE ITB. PLANS, SPECIFICATIONS, CONTRACTUAL TERMS, AND PROCUREMENT REQUIREMENTS OF THE ITB CAN ONLY BE CHANGED VIA ADDENDA ISSUED BY THE ODOT PROCUREMENT OFFICE AND POSTED ON THE ORPIN SYSTEM.

C.3 REQUESTS FOR MODIFICATIONS TO ADDENDA

Requests for clarification, requests for change, and protests of an Addendum must be received by 5:00 pm on the next business day following issuance of the Addendum, unless a different deadline is set forth in the Addendum, or they will not be considered. If a Bidder agrees to such extension, the Offer shall continue as a firm Offer, irrevocable, valid and binding on the Bidder for the agreed-upon extension period.

C.10 SUBSTANTIAL COMPLIANCE REQUIRED: Offers not in substantial compliance with ITB requirements cannot be considered, and cannot be supplemented by submissions delivered after Closing. However, ODOT may waive minor informalities and irregularities, and may seek clarification of any response that, in its sole discretion, it deems necessary or advisable.

C.11 OFFER EVALUATION CRITERIA: Offers will be evaluated to identify the lowest responsive Offer submitted by a responsible Bidder and not otherwise disqualified. (Refer to OAR 137-049-0390 and 137-049-0440). Adjustments made to account for reciprocal preferences will be for Offer evaluation purposes only. C.14.1 REJECTION OF ALL OFFERS: ODOT may reject all Offers for good cause upon its finding that it is in the public interest to do so.

C.14.2 REJECTION OF PARTICULAR OFFERS: ODOT may reject a particular Offer for any of the reasons listed under OAR 137-049-0440.

ODOT may also respond to intent-to-award protests submitted by other Bidders for purposes of clarification. However, any response provided by ODOT is not intended to, and shall not in and of itself constitute, confirmation that the bidder is, in fact, adversely affected or aggrieved, and therefore entitled to protest an intent to award, or that the protest was timely filed.

C.18 AWARD: After expiration of the protest period, and resolution of all protests, ODOT will proceed with final award. (If ODOT receives only one Bid, ODOT may dispense with the intent-to-award protest period and proceed with award of a Contract.)

EXHIBIT 6 - SUPPLEMENTAL GENERAL CONDITIONS

For this ITB and resulting Contract, the following supplements modify the General Conditions. Where a portion of the General Conditions is modified or deleted by these Supplemental General Conditions, the unaltered portions of the General Conditions shall remain in effect.

SGC-1 Add the following after A.3.4 under INTERPRETATION OF CONTRACT DOCUMENTS

A.3.5 The characterization of provisions of the Contract as material provisions or the failure to comply with certain provisions as a material breach of the Contract shall in no way be construed to mean that any other provisions of the Contract are not material or that failure to comply with any other provisions is not a material breach of the Contract.

SGC-2 Add the following after Section A.7 GOVERNMENT EMPLOYMENT STATUS:

A.8 TITLE VI NON-DISCRIMINATION PROVISIONS

During the performance of the Contract, Contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- a. Compliance with Regulations:** Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of the Contract.
- b. Nondiscrimination:** Contractor, with regard to the work performed by it during the Contract, shall not discriminate on the grounds or race, color, sex, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the Contract covers a program set forth in Appendix B of the Regulations.
- c. Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor's obligations under the Contract and the Regulations relative to nondiscrimination on the grounds of race, color, sex, or national origin.
- d. Information and Reports:** Contractor shall provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by ODOT, FHWA or the Federal Transit Administration ("FTA") as appropriate, to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of Contractor is in the exclusive possession of another who fails or refuses to furnish this information, Contractor shall so certify to ODOT, FHWA or FTA as appropriate, and shall set forth what efforts it has made to obtain the information.
- e. Sanctions for Noncompliance:** In the event of Contractor's noncompliance with the nondiscrimination provisions of the Contract, ODOT shall impose such Contract sanctions as ODOT, FHWA or FTA may determine to be appropriate, including, but not limited to:
 - (i) Withholding of payments to Contractor under the Contract until Contractor complies, and/or
 - (ii) Cancellation, termination or suspension of the Contract, in whole or in part.
- f. Incorporation of Provisions:** Contractor shall include the provisions of paragraphs (a) through (e) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. Contractor shall take such action with respect to any subcontract or procurement as ODOT of the federal government may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, Contractor may request ODOT, and, in addition, Contractor may request the United States to enter into such litigation to protect the interests of the United States.

SGC-3 Make the following revisions to Section B.5 COMPLIANCE WITH GOVERNMENT LAWS AND REGULATIONS:

- **Add the following to the end of Section B.5.1:**

All rights and remedies available to Owner under applicable federal, state and local laws are also incorporated by reference herein and are cumulative with all rights and remedies under the Contract.

- **Delete Section B.5.2(a) and replace with the following:**

(a) Pursuant to ORS 279A.110, Contractor shall not discriminate against a disadvantaged business enterprise, a minority-owned business, a woman-owned business, a business that a service-disabled veteran owns or an emerging small business, in the awarding of subcontracts.

- **Add the following Section B.5.2(c):**

"Protected class" means a group of persons distinguished by race, color, religion, sex, sexual orientation, national origin, marital status, veteran status, disability, or age. The Contractor's compliance with this section constitutes a material element of this Contract and a failure to comply constitutes a breach that entitles Agency to terminate this Contract for cause,.

(ii) The Contractor shall not prohibit any of its employees from discussing the employee's rate of wage, salary, benefits and other compensation with another employee or another person, and shall not retaliate against an employee who discusses the employee's rate of wage, salary, benefits or other compensation with another employee or another person.

- **Add the following Section B.5.2(d):**

(d) Respecting certification as a disadvantaged business enterprise, minority-owned business, woman-owned business, business that a service-disabled veteran owns or an emerging small business under ORS 200.055, as and when applicable, the Contractor shall maintain the certifications, and require in its subcontracts that subcontractors maintain the certifications required by ORS 279A.107.

- **Add the following Section B.5.2(e):**

(e) It is a material term of the Contract that the Contractor certifies by entering into the Contract that Contractor has a written policy and practice that meets the requirements described in ORS 279A.112 (HB 3060, 2017) for preventing sexual harassment, sexual assault and discrimination against employees who are members of a protected class and that the Contractor shall maintain the policy and practice in force during the entire term of the Contract.

SGC-4 Delete Section B.15 GOVERNING LAW in its entirety and replace with the following:

B.15 GOVERNING LAW. This Contract shall be governed by and construed and enforced in accordance with the laws of the State of Oregon without regard to principles of conflicts of laws.

SGC-5 Add the following after Section D.3 CLAIMS REVIEW PROCESS

D.4 FALSE CLAIMS (OREGON FALSE CLAIMS ACT)

D.4.1 Contractor understands and acknowledges it is subject to the Oregon False Claims Act (ORS 180.750 to 180.785) and to any liabilities or penalties associated with the making of a false claim under that Act. By its execution of the Contract, Contractor certifies the truthfulness, completeness, and accuracy of any statement or claim it has made, it may make, or cause to be made that pertains to the Contract or the Project for which the services are being performed, including but not limited to Contractor's statement of proposal and any invoices, reports, or other deliverables.

D.4.2. Contractor shall immediately disclose (in writing) to Agency whenever, in connection with the award, performance or closeout of the Contract, or any subcontract thereunder, Contractor has credible evidence that a principal, employee, agent, or subcontractor of Contractor has committed—

(i) A violation of the Oregon False Claims Act; or

(ii) A violation of State or Federal criminal or civil law involving fraud, conflict of interest, bribery, gratuity or similar misconduct.

D.4.3. Contractor must include subsections D.4.1 and D.4.2 of this section in each subcontract Contractor may award in connection with the performance of the Contract. In doing so, Contractor may not modify the terms of those subsections, except to identify the subcontractors or sub grantee that will be subject to those provisions.

SGC-6 Add the following at the end of SECTION E PAYMENTS:

E.7 REPORT OF SUBCONTRACTORS PAID: Following each payment to Contractor, including final payment and any progress payments, Contractor shall submit to the Owner ODOT Form 734-2882, Paid Summary Report. Contractor shall complete and submit the form as specified in the form instructions, which are available online, along with the form at:

<http://www.oregon.gov/ODOT/Forms/2ODOT/2882.pdf>

SGC-7 Amend the first sentence of Section G.2.1 as follows (deletions shown in strikethrough):

G.2.1 When the Contract Price is \$100,000 or more (~~or \$50,000 or more in the case of Contracts for highways, bridges and other transportation projects~~) the Contractor shall furnish and maintain in effect at all times during the Contract Period a

performance bond in a sum equal to the Contract Price, and a separate payment bond also in a sum equal to the Contract Price.

SGC-8 Delete Section G.3 INSURANCE in its entirety and replace with the following:

G.3 INSURANCE

- G.3.1 Primary Coverage: Insurance carried by Contractor under this Contract shall be the primary coverage and non-contributory with any other insurance and self-insurance, and the Owner's insurance is excess and solely for damages or losses for which the Owner is responsible. The coverages indicated are minimums unless otherwise specified in the Contract Documents.
- G.3.2 Workers' Compensation: All employers, including Contractor, that employ subject workers who work under this contract in the State of Oregon shall comply with ORS 656.017 and provide the required Workers' Compensation coverage, unless such employers are exempt under ORS 656.126. This shall include Employer's Liability Insurance with coverage limits of not less than \$100,000 for each accident. Contractors who perform the Work without the assistance or labor of any employee need not obtain such coverage if the Contractor certifies so in writing. Contractor shall ensure that each of its Subcontractors complies with these requirements. The Contractor shall require proof of such Workers' Compensation by receiving and keeping on file a certificate of insurance from each Subcontractor or anyone else directly employed by either the Contractor or its Subcontractors.
- G.3.3 Builder's Risk Insurance and Builder's Risk Installation Floater (RESERVED – NOT REQUIRED FOR THIS PROJECT)
- G.3.4 Liability Insurance:
- G.3.4.1 Commercial General Liability: Contractor shall obtain, at Contractor's expense, and keep in effect during the term of this Contract, Commercial General Liability Insurance covering bodily injury and property damage in a form and with coverages that are satisfactory to the State. This insurance shall include personal injury liability, products and completed operations, and contractual liability coverage for the indemnity provided under this Contract (to the extent contractual liability coverage for the indemnity is available in the marketplace), and shall be issued on an occurrence basis. Combined single limit per occurrence shall not be less than \$1,000,000 for each job site or location. Each annual aggregate limit shall not be less than \$2,000,000.
- G.3.4.2 Automobile Liability: Contractor shall obtain, at Contractor's expense, and keep in effect during the term of this Contract, Automobile Liability Insurance covering owned, non-owned and/or hired vehicles, as applicable. The coverage may be written in combination with the Commercial General Liability Insurance. Combined single limit per occurrence shall not be less than \$1,000,000.00, or the equivalent.
- G.3.4.3 "Tail" Coverage: If any of the required liability insurance is arranged on a "claims made" basis, "tail" coverage will be required at the completion of this Contract for a duration of 24 months or the maximum time period available in the marketplace if less than 24 months. Contractor will be responsible for furnishing certification of "tail" coverage as described or continuous "claims made" liability coverage for 24 months following Final Completion. Continuous "claims made" coverage will be acceptable in lieu of "tail" coverage, provided its retroactive date is on or before the effective date of this Contract. This will be a condition of the final acceptance of Work or services and related warranty (if any).
- G.3.4.4 Excess/Umbrella Insurance: A combination of primary and excess/umbrella insurance is acceptable to meet the minimum coverage requirements for Commercial General Liability and Automobile Liability Insurance. In such case, the insurance certificate must include a list of the policies that fall under the excess/umbrella insurance. Sample wording is "The Excess/Umbrella policy is excess over primary Commercial General Liability and primary Automobile Liability Insurance."
- G.3.4.5 Additional Insured: The liability insurance coverage, except Professional Liability if included, required for performance of this Contract shall include the State of Oregon, its departments, divisions, officers, and employees, as Additional Insureds but only with respect to the Contractor's activities to be performed under this Contract. If Contractor cannot obtain an insurer to name the State of Oregon, its departments, divisions, officers and employees as Additional Insureds, Contractor shall obtain at Contractor's expense, and keep in effect during the term of this Contract, Owners and Contractors Protective Liability Insurance, naming the State of Oregon, its departments, divisions, officers and employees as Named Insureds with not less than a \$1,000,000.00 limit per occurrence. This policy must be kept in effect for 12 months following Final Completion. As evidence of coverage, Contractor shall furnish the actual policy to Owner prior to execution of the Contract.
- G.3.4.6 Certificate(s) of Insurance: As evidence of the insurance coverage required by this Contract, the Contractor shall furnish certificate(s) of insurance to the Owner prior to execution of the Contract. The certificate(s) will specify all of the parties who are Additional Insureds or Loss Payees. Insurance coverage required under this Contract shall be obtained from insurance companies or entities acceptable to the Owner that are allowed to provide such insurance under Oregon law. Eligible insurers include admitted insurers that have been issued a certificate of authority from the Oregon Department of Consumer and Business Services authorizing them to do an insurance business in the state of

Oregon, and certain nonadmitted surplus lines insurers that satisfy the requirements of applicable Oregon law and are approved by the Owner. The Contractor shall be financially responsible for all deductibles, self-insured retentions and/or self-insurance included hereunder. Any deductible, self-insured retention and/or self-insurance in excess of \$50,000 shall be approved by the Owner in writing prior to execution of the Contract and is subject to Owner's approval.

SGC-10. Add the following at the end of SECTION H.2 SCHEDULE:

H.2.2 The Project Work schedule is essential to the Owner. The Contractor's failure to provide the schedule, schedule information, progress reports, or schedule updates when required will be cause to suspend the Work, or to withhold Contract payments as necessary to protect the Owner, until the Contractor provides the required information to the Owner's Authorized Representative.

SGC-9 Add a new subsection to Section J.4.1 as subsection (f) and renumber existing subsection (f) as subsection (g) as follows:

(f) If Contractor has liquidated and delinquent debt owed to the State of Oregon or any department or agency of the State of Oregon;

(g) If Contractor is otherwise in material breach of any part of the Contract.

SGC-10 Delete Section J.4.2 in its entirety and replace it with the following:

J.4.2 At any time that any of the above occurs, Owner may exercise all rights and remedies available to Owner at law or in equity, including, in the event of the conditions set forth in Section J.4.1 (f) regarding Contractor's liquidated and delinquent debt, by offset or garnishing all monies due for any and all Work performed by the Contractor when appropriate, and otherwise recovering any liquidated and delinquent debt owed to the State of Oregon or any department or agency of the State of Oregon. In addition, Owner may take possession of the premises and of all materials and appliances and finish the Work by whatever method it may deem expedient. In such case, Contractor shall not be entitled to receive further payment until the Work is completed. If Owner's cost of finishing the Work exceeds the unpaid balance of the Contract Price, Contractor shall pay the difference to the Owner.

SGC-11 Add the following at the beginning of SECTION K CONTRACT CLOSEOUT:

As a condition of final payment, Contractor shall complete and sign the Contract Closeout Checklist form provided by Owner. If accepted by Owner, Contractor's delivery of the certification as required in K.3 of the Checklist will be deemed to be compliance with the requirements of Section K.3 below and Contractor's delivery of the information required in K.7 of the Checklist will be deemed to be compliance with the requirements of Section K.7 below.

SGC-12 Delete Section K.4.1 and replace with the following:

K.4.1 Contractor shall provide Owner notice of Substantial Completion. The notice of Substantial Completion shall state the date of Substantial Completion, and shall be submitted to the Owner's Authorized Representative. The notification may be communicated verbally to the Owner's Authorized Representative, sent electronically via email, or sent as a hard copy in the mail. Upon receipt of notification of Substantial Completion, the Owner's Authorized Representative will perform a final project inspection and provide the Contractor with the project Punchlist.
